

Acrostic

by Sasha Kopf

Guess the words from clues A-Z and write them over the numbered dashes. Then copy each letter to the box on the grid that corresponds with the number. When the grid is full, it will contain a literary quotation, reading from left to right. The letters already on the grid tell you in which clue the number can be found. Black boxes indicate a space between words. The first letters of your answers A-Z will spell out the author's surname and the title of the work.

A) 131 35 115 19 106 61 25
Exhausted

B) 71 135 40 95 161 30 52
